2020 INVITATION TO APPLY for COMMUNITY SERVICE PROJECTS

ALM Charities, D. L. Gasser Construction and Milestone Materials are proud to sponsor The Big Dig Community Service Projects Grants.

Mission

The mission of The Big Dig is to "*dig in*" and help our area communities.

Vision

The Big Dig grant application serves as a catalyst to our company and its employees who value working with non-profit organizations to enhance their community through the completion of a community service project that will:

- (1) help build a better tomorrow for the children and families of our area communities
- (2) encourage unity of community members of all ages to bridge the generation gaps
- (3) create a unique and lasting experience between our business, our employees, and our communities
- (4) educate the public on the value of the construction and mining industry and the benefit of having them be members of their community
- (5) bring out "*the construction worker*" in all the volunteers and benefactors by including them in the work

Community Service Projects will be completed / built in 2020-21. Due to the complexity and preparations for some of the projects selected, as well as our construction workload; the potential for project schedules to cross calendar years exists. Therefore, 2020 Big Dig Community Service Projects may carry into 2021.

What type of Community Service Projects can you apply for?

Community Service Project submittals should not be limited to gravel and asphalt type projects. The following are some examples of programs/events:

- community park improvements
- homeless shelter improvements/projects
- school playground
- school learning enhancements projects
- community center improvements
- food pantry improvements
- assistance/enhancements to children's programs

We encourage applicants to think "outside the box" when submitting their project.
